EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: Cancel claims 1-9, 11, and 27-40.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: There is no prior art of record that teaches or suggests a method for progressively reducing a thickness of a thin film layer by calculating a cross-correlation function of the spectral-characteristic signal with a predetermined reference spectral-characteristic signal, the cross-correlation function exhibiting a change with corresponding change in the thickness of the thin-film layer; and from the cross-correlation function determining the endpoint.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
